

Becas de doctorado y contratos de investigación más recientes

The more recent R&D Contract:

Coming from the Heriot-Watt University (United Kingdom), Dr. Manuel Silva-López has very recently joined our group (January, 2007). He gained a new Postdoctoral Contract for 2 years co-funded by the University of Cantabria and the Photonics Engineering Group (May, 2007). Two papers have been submitted with new results just obtained.

Congratulations Manuel!!!

The more recent PhD Grant:

Nicolas Bécue born in 1980 in Armentières (France) have very recently gained an Official FPU Grant from the Spanish Government (May 2007). He will realize his PhD with us during the next 4 years.

Congratulations Nicolas!!!
