Articles focused on any area of Photonics will be considered for acceptance. Those contributions associated with the topics of interest explicitly defined will have preference.

A single document will be sent:

Complete work. The only admitted format is PDF. The file will be named based on the following scheme: Topic number_surname(first author)_first title word.pdf (to see the number associated with each subject, please follow the “Topics of Interest” link on the Main Menu of the Optoel’11 web)

Every article (in English or Spanish) should have an extension of about four pages, being six the maximum. It will be written following the suggested format (see templates):

EXAMPLE TEMPLATE (WORD): [Spanish](#) - [English](#)

EXAMPLE TEMPLATE (PDF): [Spanish](#) - [English](#)
